

SEPTEMBER GARDEN CLASSES AT WATTERS GARDEN CENTER

Posted on August 30, 2023 by Ken Davis | Watters Garden Center

Fall Gardening Tips and Tricks: Attend Watters Garden Center's Free Classes

Free [Garden Class](#) offered every Saturday in September @ 9:30 am at Watters Garden Center, 1815 Iron Springs Rd in Prescott.

September 2 @ 9:30 am - [Top 10 Trees and How to Plant Them](#) - Privacy, shade, color, evergreen, and blooms. We cover trees from every angle. With so many choices, picking the perfect tree can seem overwhelming, but not after this class. Our horticultural team will be on-hand after the class to help with individual tree situations. Free tree planting guide to all attendees.

September 9 @ 9:30 am - [Climbers & Covers in the Landscape](#). Vines climb quickly up fence posts, pergolas, barbed wire, walls and trellis. They block, screen, and shade better than any other plants in the nursery, but not all vines are created equal. Learn these vines favorite locales, sun and shade lovers, and all the advice to get these bloomers climbing.

September 16 @ 9:30 am - [Easy to Grow Mountain Plants](#) - Rock landscapes without these core plants tend to look strange, immature and lacking. Learn how to garden with these simple, but effective planting combinations for a design that WOWs all four seasons of the year.

September 23 @ 9:30 am - [Privacy Screens and the Secret Garden](#). Tired of looking at the neighbor's RV? This class shows off the best, fastest growing plants to fill in your privacy screens! You can screen unsightly neighbors, enhance your view, or block pesky traffic and cut noise and light pollution. Experts will be on hand to help individuals with unique situations.

September 30 @ 9:30 am - [Fall Containers that Bloom like Crazy!](#) After this class, you'll have what it takes to design great container gardens that sparkle in the afternoon heat. Learn about proper watering, the best foods, companion plants, and more. Everyone is going to comment on your potting success! Bring your own container or buy one a new and we'll have design stations open, with expert advice on hand.
