

5 REASONS TO BOOK YOUR NEXT VACATION IN PAROS, GREECE ASAP

Posted on October 20, 2023 by Trinity Goosebush

It's still October, but we already thinking of our next summer vacation. For a lot of people, that is the only way to cope with the coming winter and the anxiety we have for everything that happens around us. Don't you feel exactly the same?

However, you may feel that planning ahead for July or August 2024 is too early, but it's not! If you have decided to spend your holidays in one of the most beautiful and famous Greek islands, Paros, then the wisest thing to do is to book your trip as soon as possible.

Read below 5 important reasons to do so!

Paros is the hottest Cycladic island right now

Paros is located in the island complex of the [Cyclades](#), in the centre of the Aegean Sea, just a few hours away from the Greek capital, Athens. Although in this complex belong many famous islands, such as Mykonos, Santorini, Milos and Naxos, 2023 was the year of Paros and 2024 is expected to be even more!

Attracting thousands of tourists from abroad, Paros can get very crowded during the high season (July and August), so it is ideal to book your tickets, accommodation and rental car in Paros to be sure you will find what you want at the price you can afford.

There are so many amazing things to do

Paros has numerous stunning beaches, such as Kolymythres, Piperi, Golden Beach and Pounta (among many others). Its villages (except for Paroikia and Naoussa, the two largest and most beautiful settlements), such as Marpissa, Lefkes and Prodromos, have kept their traditional character and are perfect for many activities. Thus, in Paros, you can go hiking, snorkeling and other water-sports activities, but also explore ancient Greek and religious monuments and museums.

So, the best thing to do is to start planning your vacation, if you want to see all these places in a few days!

Paros is astonishing during the off-season too

If you want to avoid the crowds and go off-the-beaten path, then we recommend that you travel to Paros in the off-season (October/November and April/May). The weather will be good enough to enjoy the sea and the sun, make in a relaxing way your strolls and discover the hidden beauty of the island. If you consider yourself an alternative traveler, then visiting the Greek islands in autumn or spring is an experience you should not miss.

It is never too late to organize your holidays in Paros! If you want to visit it in April or May, now is the best time to book everything.

You can find better prices and deals

Whether you book your air tickets, your accommodation and your car rental for the off- or high-season, you will find better prices if you book them ahead of time. Remember that Paros has only a small airport, so last-minute flights can get very expensive.

The island offers many accommodation and car rental options, in order to enjoy your stay and explore all beaches, hidden bays and virgin villages conveniently. You can stay in a luxury hotel or in a guesthouse, in a villa or even in camping. Respectively, you can rent a motorbike, a car or an ATV and choose among many cars whatever you like.

But if you book them, for example, one month before your vacation, prices will be high. Keep in mind that all hotel and car [rental companies in Paros](#) offer great deals and discounts if you book online several months ago. You can get up to 70% off!

Looking forward to your vacation is better even than Christmas!

Many of us believe that winter has nothing more to offer than the Christmas holidays. Planning your summer vacation can be better than that! You can create the ideal program for those days to take the most out of what the Cycladic Island has to offer. You can read and learn everything you need to know, and look at thousands of pictures. You can dream and become impatient for the upcoming vacation with your family or friends!
