The Yavapai County Sheriff's Office is asking for the public's help. Please be on the lookout for this vehicle that was involved in an injury hit and run on 10/06/23 at about 8:30 am near the intersection of Page Springs Road and E Oak Grove Lane (about ½ mile from Cornville Road on the Northbound shoulder). Witnesses say the driver of the truck intentionally swerved into two cyclists causing one cyclist to go down hard and sustained broken ribs, bad abrasions, and lacerations to the forehead. The driver fled the scene northbound from that location on Page Springs Road. These images were stills from a video provided by a business after a search for surveillance cameras in the area, however no plate is visible.

Suspect was described as white male, brown medium length hair, wearing a brown ball cap, plaid shirt, under 30.
