Community Health Services

On 04/26/2024, Gibson Farms recalled **Organic Light Halves and Pieces shelled walnuts** because Gibson Farms received information that they may have the potential to be contaminated with E. Coli O157:H7. E. coli O157:H7 causes a diarrheal illness often with bloody stools. Although most healthy adults can recover completely within a week, some people can develop a form of kidney failure called Hemolytic Uremic Syndrome (HUS). HUS is most likely to occur in young children and the elderly. The condition can lead to serious kidney damage and even death.

The Organic Light Halves and Pieces shelled walnuts were sold to distributors located in CA, WA, and AZ. Gibson Farms Organic Light Halves and Pieces shelled walnuts were sold in bulk boxes in Net Wt. 25 lbs. quantities and can be identified by lot 3325-043 & 3341-501 with expiration dates 5/21/25 & 6/7/25.

Gibson Farms, Inc. has voluntarily recalled the product(s) after being notified by the CDC of 12 recorded illnesses allegedly linked to the consumption of organic halves and pieces shelled walnuts. A full investigation is currently under way to determine the potential source of the contamination.

Gibson Farms requests consignees to hold and discontinue selling their existing stock of lot 3325-043 and lot 3341-501 and return any remaining inventory of the recalled products to our local warehouse Gibson Farms 1190 Buena Vista Rd Hollister Ca 95023.

Consumers with questions may contact the company at Veronica Cheatham 831-637-3512 or email [foodsafety@gibsonfarmsinc.com](mailto:foodsafety@gibsonfarmsinc.com) 8:30 am-4:40pm PST Monday through Friday

**ConSup North America Inc.** recalled approximately 85,984 pounds of ready-to-eat (RTE) sliced prosciutto ham product produced in Germany without the benefit of equivalent inspection, the U.S. Department of Agriculture's Food Safety, and Inspection Service (FSIS) announced on Wednesday, April 24, 2024.

The RTE sliced prosciutto ham item was produced on various dates from Sept. 25, 2023, through March 6, 2024. The following product is subject to recall :

- 29-oz. plastic packages containing "Stockmeyer PROSCIUTTO Product of GERMANY" with lot codes 09118-3A, 09118-3B, 09120-3A, 09120-3B, 13133-3A, 13133-3B, 13104-3A, 13104-3B, 13105-3A, 13105-3B, 13109-3A and 13109-3B and "BEST BEFORE:" dates of 4/28/2024, 5/26/2024, 7/7/2024, 8/4/2024, 8/11/2024 and 10/7/2024.

These items were shipped to retail locations nationwide.

The problem was discovered when Germany's Federal Office of Consumer Protection and Food Safety notified FSIS that H. Klümper GmbH & Co. KG, a Germany establishment, produced a portion of the identified lots without the benefit of equivalent inspection and exported them to the U.S. for distribution.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about a reaction should contact a healthcare provider.

Consumers who have purchased this product are urged not to consume it. This product should be thrown away or returned to the place of purchase. Consumers with questions about the recall can contact Luann Servidio, Director of Imports, ConSup North America Inc., at 973-628-7330 or [L.Servidio@consup.us](mailto:L.Servidio@consup.us).
